

February 2, 2007

Dear Friends,

Happy Valentine's Day! I would like to tell you about where I live. I am in second grade at Mission Elementary School. All the kids at our school are running laps. We get a plastic foot for every mile we run. Mission Elementary School is in Oceanside near the Pacific Ocean. I like to go to our beautiful, clean beach. Can you surf where you live? Oceanside is in Southern California. Disneyland, Sea World, and Legoland are in Southern California. I hope you enjoyed my letter.

Your friend,

A student in room 13
